

MyCare

Expert Diagnosis &
Treatment Options

Don't lose an employee
to serious illness

Provide access to world-class
centers of medical excellence
with MyCare HBO

www.mycare.ca

MyCare Health Benefit Option (HBO)

Provides timely initial diagnosis assistance and medical second opinions for group clients.

MyCare Advantage Insurance

An optional insurance upgrade for HBO group clients which provides treatment at a medical center of excellence in the US.

Includes \$50,000 USD for diagnostics and \$1 Million USD for medical treatment.

Ask us how to include access to GOeVisit, a national telehealth service to diagnose and treat over 450 minor illness conditions from any device.

Time is of the essence when serious illness strikes. Waiting on a list for diagnostics or specialists is stressful, potentially life threatening and costly for all involved.

Accelerate the process. Ensure your employees have access to world-renowned centers of medical excellence for:

- Initial diagnosis assistance
- Medical second opinions
- Complex or difficult diagnosis
- Specialist assessments
